

Cameron Parish Ambulance District 2

Meet the Paramedics and EMTs Serving Your Community

Rhonda Coleman
Executive Director CPAD2
Station 6 - Hackberry

When an emergency happens, there is often very little time to think about who is coming to help. For the residents and visitors of Cameron Parish, however, the people arriving in those ambulances are more than just emergency medical professionals — they are our neighbors, friends, family members, volunteers, and fellow members of the communities we serve.

This year, Cameron Parish Ambulance District 2 would like to introduce you to the men and women who make up our Emergency Medical Services team.

CPAD2 operates with two shifts, A-Shift and B-Shift, with each crew generally consisting of a paramedic and an EMT. Our crews are strategically stationed throughout the parish so that we can provide emergency medical services around the clock to our communities across a large and geographically challenging area.

From Grandlake and Sweetlake to Hackberry, Big Lake, Johnson Bayou, Holly Beach, and the newly established Klondike/Lowry station, our crews work around the clock to be there when our communities need us.

SO, WITHOUT FURTHER ADO, MEET YOUR MEDICS!

More Than an Ambulance

The people introduced here represent many years of experience serving Cameron Parish, with over 550 years of combined experience in EMS.

Some have spent their entire EMS careers here. Some are lifelong residents of the communities they serve. Others have joined CPAD2 from other parts of Louisiana and brought their experience with them. Many serve their communities in additional roles - as volunteer firefighters, supervisors, educators, administrators, public relations representatives, and community leaders.

Together, they represent something much larger than an ambulance service.

They represent a commitment to being there when a neighbor needs help.

Whether responding to a medical emergency, a vehicle accident, a hurricane, a pediatric emergency, a remote-area call, or simply providing a reassuring presence during someone's worst day, our crews are ready to serve.

On behalf of Cameron Parish Ambulance District 2, we are proud to introduce your EMS crews.

We are honored to serve you, and we are grateful for the continued support of the communities that make Cameron Parish home.
