

Bringing Healthcare CLOSE TO HOME

In rural areas, access to healthcare is often limited. Through the operation of three rural health clinics west of the Calcasieu River, West Calcasieu Cameron Hospital delivers on its long-standing commitment to the health of the residents in those communities. With a variety of healthcare services offered at each site, medical care is provided by nurse practitioners under the supervision of a clinical medical director.

SAME DAY APPOINTMENTS AVAILABLE

To schedule an appointment, please call the clinic nearest you, or **(337) 527-6530**.
